# Why Buy Your Gladiolus Bulbs Early?

Frankly we consider it poor business to buy any commodity months in advance, *unless there is a real advantage to be gained.* We believe the offerings on this card have several advantages: *Quality*—the pick of the crop. *Price*—we may be too low on some varieties, but we realize you early buyers deserve the lowest prices. *Rare Varieties*—some varieties are so rare as to be unobtainable later in the season. *Service*—if you buy now you will not be delayed at planting time, when we will be swamped with orders.

The offers on this card designate the number of Gladiolus bulbs of a certain size (large, medium, small or bulblets) you can get for the amount stated in heading. Each size of each variety is a separate offer. Refer to last year's catalog for descriptions. New catalog and price list will be issued later.

Terms Cash, or 25% cash, balance C. O. D., Nov. 10, 1931. All bulbs shipped prepaid. All stock subject to prior sale.
